

Eric Harvie School Admirable Use Policy

2026-2027 School Year

At Eric Harvie School, we will ensure the safety of all students by following the three principles of respect when working with educational technology. This will ensure that we are using digital information and technology resources in a responsible way:

1. Respect Yourself

- Keep your CBE account passwords and other personal information private.
- Tell your teacher if something on an electronic device makes you feel uncomfortable or is inappropriate.
- Personally owned devices stay at home and are not used at school. This helps to make sure they do not get lost or broken while at school.

2. Respect Others

- Use appropriate language and communicate respectfully at all times.
- Respect the property and the creative work of others.
- Respect the rights of other people and ask for permission to record or post anything about them.
- Protect and respect the personal information of others.
- Use your time responsibly when using technology for learning.

3. Respect this Place

- Maintain equipment so that it is ready to be used by others.
- In the school environment, use technology that supports learning and do so according to your teacher's instructions.
- We only use CBE technology while at school, and personal phones and smart watches stay at home or in our backpack.
- Report any problems with technology equipment as soon as you see them.
